CAPABILITY STATEMENT

CORE COMPETENCIES

Counterintelligence and human intelligence-informed **threat and vulnerability assessment**. **Red team planning and execution** against uncrewed aircraft and counter-uncrewed aircraft postures. **Doctrine development** for airborne reconnaissance, ISR, situational awareness, and integrated perimeter security. **Operator and supervisor training delivery**, including red team-informed curriculum. **Research and development**, SBIR prime vehicle. **Rapid disaster response coordination** with prepositioned aerial intelligence framework.

DIFFERENTIATORS

Veteran-led, with combat-deployed counterintelligence, human intelligence, and uncrewed systems operations background. **Doctrine-first methodology, equipment-agnostic by design, no OEM lock-in.** OrrenMashk writes doctrine; does not resell. Trains operators; does not certify. Red teams architectures; does not operate them. Operates alongside a non-affiliated Veteran-owned small business ecosystem partner for fulfillment, preserving procurement integrity and avoiding organizational conflicts of interest.
